GENERAL GROCERIES ARE UNCHANGED OFFICE OF PITTSBURG DISPATCH, THURSDAY, May 8, 1889.

dozen. There is no kicking at 15c for a reliable article. It is rumored that large quantities of "tolerably good" eggs are being pushed on to market as strictly fresh. Many of this class are returning to the jobber. New cheese is not what it will be in quality a few weeks hence. Being tough and lacking in the proper flavor, retailers only buy for immediate wants. Strawberries are scarce and higher. Trade in Limburger and Swiss cheeses shows some improvement the past few days, but is far below what it was this time last year. The closing of so

The total sales of stocks at New York yes-terday were 184,813 shares, including Atchison, 38,957; Delaware, Lackawanns and Western, 3,150; Missouri Pacific, 5,400; Northwestern, 6,770; Oregon Transcontinental, 29,285; Reading, 10,100; St. Paul, 29,375; Union Pacific, 5,000. Improvement and Canada Pacific rose 1½ per cent each.
Raiiroad honds were somewhat irregular, being heavy to weak in the forenoon, but recovered their tone later in the day, leaving the list but slightly changed from last evening's figures. The important changes were few in number. Sales of all issues aggregated \$1,718,000. The losses were Denver and Rio Grande Western assented 2 at 87, Louisville and Nashville Trust 5s 2½ at 101½, and others of smaller amounts.

amounts.

Pearson, of Allegheny, a three-story brick house of eight rooms, hall, bath, attic and all conveniences; also a frame house of four rooms on rear, with lot 20x100, to Creighton alley, being No. 279 Federal street, Second ward, Allegheny, for \$7.000.

Thomas McCaffrey sold for B, Vetter to W.

\$7.000.

Thomas McCaffrey sold for B. Vetter to W. L. Mellon, of Mellon Bros., lot 42x106 feet with an old frame house and stable, on Eva and Amber street, near Penn avenue, for \$1,850

STOCKS RAIDED. Bears Make an Attempt to Dopress the Market and Succeed to Some Extent-Unimportant Changes-The

The most interesting feature of the local money market yesterday was the abundance of small notes—one's and twos. One bank used \$5,000 of them in squaring its Clearing House sheet. Checking was brisk, but discounting sheet. Checking was brisk, but discounting and depositing were scarcely up to the average. The exchanges were \$2,205,596 23, and the balances \$312,025 82, representing a large volume of general trade.

Money on call at New York, yesterday, was easy at 1½ to 2½ per cent, closed offered at 2½. Prime mercantile paper, 3½,25%. Sterling exchange dull but steady at 34 87 for 60-day bills and 34 883% for demand. Government Bonds.

GOOD FOR SORE BYES.

Stacks of Small Bills Show That Such Cur-

rency is Abundant.

Government and State bonds are quiet and NEW YORK-Clearings, \$118,632,400: balances \$5,824,125. Boston-Clearings \$15,501,980; balances, \$1, 619,516. Money, 2 per cent. BALTIMOBE—Clearings, \$1,819,403; balances \$332,688.

PHILADELPHIA-Clearings, \$14,078,695; bal-ances, \$1.952,691 London—The amount of bullion gone into the Bank of England on balance to-day is £241,000. The bullion in the Bank of England decreased £246,000 during the past week. The proportion of the Bank of England's reserve to liability is now 40.7 per cent. Bar silver, 42%d

PARIS-Three per cent rentes, 87f 92%c for account. The weekly statement of the Bank of France shows an increase of 925,000 francs gold and 2,350,000 francs silver. CHICAGO-Money on call easy at 405 per cent. Time loans 626%. Bank clearings, \$10,

Sr. Louis-Clearings, \$2,876,546; balance \$423,208. A Dull Market and Lower Prices All Along

had a bearish influence over the market all day yesterday. It opened at 82%c, sold down to 81%c, recovered and sold up to 82%c, where it held for a short time. It then slumped off a fraction and coquetted around that point until near the close, when it sold at 82%c, which was the final price, with carrying flat and indications of a lower level this morning. Trading was moderate.

A Good Demand at Top Prices-The Latest Reed B. Coyle & Co., 131 Fourth avenue, sold

business street there, having a frontage of 80

There has been no movement here to meet the cut of the the cut of the Thomas company, but prices have weakened since it was announced. It is not likely that any of the Pittsburg furnaces will go out of blast, at least not before their stock has been worked off. The ultimate effect of that cut, it is held, will be to put iron on a better basis.

PIG IRON — Neutral Gray forge, \$14 50 the delta for the settled. It with the little settled and mottled, \$14 50 the settled. It with the little settled in the settled. It with the little settled in the settled. It with the little settled in the settled in the settled. It with the little settled in the s with the bonds and other obligations. Of course, the money received from the Government will be used for this purpose. What is left will be divided among the stockholders. By the terms of the bonds they can be called at any time. I believe \$100,000 have been called

> SEEKING A LOWER LEVEL. All the Westinghouse Stocks Floundering i the Soup-A Bearish Market. yesterday r manusipina tras showed a lament-able absence of backbone, opening at 36½ bid and ½ more asked. It soon firmed up a little, however, the first sale being at 37. In the ar-ternoon it was overtaken by another spasm of weakness and went at 36½ and 36½. The continued weakness in this stock was attributed to a scarcity of buying orders, or rather to an

> prices. The other gassers were a trifle stronger but inactive.
>
> Electric was another weak spot, opening with a sale at 56%, and declining during the rest of the day to 66, closing weak. No improvement in this stock is isoked for until the company is out of the legal woods. Manufacturers' Gas jumped to 30 bid, with none offered. This is the highest point it has reached this year. A few shares of Pleasant Valley Passanger Railway stock changed hands at 190. Pittsburg and Western preferred maintained she previous day's advance, and was firm at 22. Switch and Signal was lifeless to 23 bid and 24 asked. Central Traction sold in a small way at 30; the others were dead as door nails. The mining shares were weaker and neglected. Sids, offers and sales follow:

I had chronic bronchitis and a weakness of my left lung that was fast approaching consumption. I coughed and had great pressure and tightness across my lungs, with pain about my shoulder blades. My appetite was very poor, and I had sour belching of gas from my stomach all the time. I doctored with the best doctors I could hear of, but was fast getting worse. My kidneys also became diseased. I had pain across my back, bloating of the towels, and the water was highly colored with a red, brick dust sediment. I became melancholy and discouraged and thought I could not live. Finally I began treatment with the physicians of the Polypathic Medical and Surgical Institute, who are specialists for chronic diseases, and although confined to the bed when I commenced treatment, and am 66 years old, my improvement was very rapid, and I feel that these physicians have saved my life. I am getting stronger every day and feel almost like a young man again.

HENRY ROBERTSON,

22 Marcellus st., Syracuse, N. Y.

Any one wishing to verify the above testimonial can do so by writing to Mr. Robertson. The POLYPATHIO MEDICAL AND SURGICAL INSTITUTE is permanently located at 420 Penn avenue, Pittsburg, Pa. Office hours, 10 to 1130 A. M., 150 4 and 6 to 8 P. M. Con sultation free.

HOGS CLOSE JARM AT AN ADVANCE

OFF' CR OF PITTSBURG DISPATCH.
THURSDAY, May 9, 1889.

With r cturns for the week all in it appears that loc all receipts fall short of last week by 360 h and. By going back to the record it is disc overed that local receipts of cattle this week are the lightest for a year past. By reference to returns for last October and Nowember it is ascertained that the local trade demanded weekly from 8,000 to 4,000 head. Supplies this week are not one-third the general weekly run of all last fall. The light run has given strength to markets, and dealers report an advance in prices over last week all the way from 15 to 30c per cwt. The best selling stock has been light smooth butcher cattle, of good quality, weighing from 1,100 to 1,250 pounds. There were very few cattle in this side figures.

Trading was fairly active buying by shorts, some large lines being covered. The subsequent decline was attributed to large offerings and more disposition to realize. Rain was reported in some sections West and Northwest and the weather map showed cloudy weather over considerable portions of the country.

Considerable interest was manifested in corn, prices ruling quite irregular—firm in the early morning and weaker as the session advanced up 360 %c, the bulls became liberal on the advance; local crowd also became bulls. The market opened firm at yesterday's closal prices, eased off %c, occame stronger and sold up 360 %c. The bulls became liberal on the advance; local crowd also became bulls. The market opened firm at yesterday's closal prices, eased off %c, occame stronger and sold up 360 %c, influenced mainly by the weaker tone of wheat. A steadier feeling then prevailed, and final quotations were 1/60%c below yesterday's close and prices advanced %c. After the shorts had been filled a weak feeling developed and prices declined 3/60%c, and the market closed rather quiet and easy at inside figures.

ing stock has been light smooth butcher cattle, of good quality, weighing from 1,100 to 1,250 pounds. There were very few cattle in this week's supplies above this weight, and none were in demand. The day has passed when prime beeves, weighing 1,500 to 1,600 pounds, are wanted at this market. The sharp compention with Chicago dressed beef has forced this grade to foreign shores in search of a market. A few years ago a large number of our dutchers killed these heavy prime cattle. Now those who demand this class could be counted on the fingers of one hand. The ordinary countmer of meat is unwilling to pay the price which these caterers to high-toned palates demand. The steer that goes above 4c has a very limited demand in this market.

Receipts of yeal calves this week show no declina. The total for the week has been from 1,500 to 1,600 head. Prices range from \$3.00 to \$4.50, according to quality.

Some dealers report an advance of 10c to 15c over last week's prices. Others say that markets have done no more than hold their own,

Some dealers report an advance of 10c to 10c over last week's prices. Others say that markets have done no more than hold their own, with markets firmer than last week. Year-lings are strong at 4½c to 5½c. There were not enough spring lambs on hand to meet the demand. The grade of sheep and lambs received this week was above the average. Shippers have evidently made the discovery that this is no market for poor sheep. For a choice article demand has been good, and prices held up as well as any live stock center of the land. But for low grades holders found very hard roads to travel. Lean kine find Pittsburg as hard a market as there is in the country. Good goods, on the other hand, have little difficulty finding customers at outside rates. By reference to accompanying report it will be seen that receipts of sheep and lambs were 3,300 barrels; wheat, 5,000 bushels; corn. 27,000 bushels; has receipts of sheep and lambs were 3,300 barrels; wheat, 1,000 bushels; corn. 27,000 bushels; has been an agreeable surprise to most dealers.

Hogs.

THE CHANGE IN Trading in Futures Discussed by Its Friends and Enemies

THE NEW RULES EXPLAINED. Another Deal in Diamond Street Realty Favorable to the Improvement.

REAL ESTATE BOOM IN THE NORTHWEST

The proposition to deal in oil futures encounters strong opposition from four or five members of the Pittsburg Exchange, but the preponderance of sentiment is in its favor, and there is searcely a doubt that it will be adopted. The various points involved in the proposed new deal were freely discussed pro and con yesterday. One of

the opponents of the change said: "The omission of National Transit cer tificates from the rules strikes me as having a deeper significance than appears upon the surface. What can it mean? In my judgment it is an artful dodge-I don't know weether the Standard is behind it or notto make it possible to deal in Lima oil certificates, if they shall be issued, of which I have very little doubt, should we adopt the proposed change. This, by equalizing the two products on the market, would put prices down so low that there would be no money in the business; and this, again, would deter outside trading and make things worse than they are. The market is bad enough as it is, and I think it would be foolish to seek to involve it in fresh difficulties. Besides, trading in futures has such an air of gambling that it could never be popular here, and might involve us in the meshes of the law from which it would be hard to escape with whole akins. If things come to the worst we can quit the oil business and deal in stocks, but while we are in it I think we had better proceed

on recognized business principles, showing something tangible for what we do. If we quit at all let us quit with credit to ourselves and with the respect of the community.' These and other objections to the proposed innovation were strenuously combated by its promotors and advocates, one of whom said: "So far as deliveries are concerned the striking out of the words "National Transit certificates" cates' wouldn't make a particle of difference.

faith, and do all they could to carry out the let-ter and the spirit of the rules, I feel certain the

change would result in great benefit to the Black & Baird are hustling things on Dia-mond street, and if all the property on that thoroughfare does not change hands several times this summer it won't be their fault. On Wednesday they made a \$25,000 sale there, and Wednesday they made a \$25,000 sale there, and yesterday they consummated another, the consideration being \$45,000, but details of the transaction were withheld for the present. The property is presumably located betweed Wood and Market. Both of these deals are believed to be in the interest of the proposed improvement of the street, the feeling in favor of which is unquestionably growing. A former East End contractor, now plying

his vocation in Tacoma, Wash. T., recentlywrote to his family as follows: "They are having a great real estate boom here. I have never seen great real estate boom here. I have never seen anything like it. Everybody is crazy for town lots, and sales have been made on one of the principal streets at \$1,000 a front foot. As to buildings, they are going up everywhere. Contractors can't begin to do all the work offered them. At the present rate of growth I wouldn't be surprised if Tacoma doubled its population within a year." In this connection it may be stated that Samuel W. Black & Co. yesterday received a letter from Spokane Falls, another live town in Washington Territory, stating, among other things, that a lot on the principal among other things, that a lot on the principa

feet, had just been sold for \$64,000. These prices, which would be considered "snaps" in Pittsburg, are rather extravagant for a new

Majority of the List Lower.

New York, May 9.—The stock market continues to show a steady volume of business, and the transactions are more and more in the hands of the room traders and professionals. hands of the room traders and professionals. The operations to-day comprised an attempt to depress the general market by a raid upon the specialties, in which Boston is most interested, but with the exception of Rock Island, which received less pressure than any of the stocks and was intensely dull throughout. The impression made is to be measured by fractions. There were three stocks only which displayed any marked animation during the day and in neither of them was the extreme fluctuation I per cent, and the only marked movements of the day were in a few of the inactive shares. The opening of the market was made at declines from last evening's figures in the general list of from 1/2 to 1/2 per cent, while as the laterest centered for the time in Atchison and the poor showing of the March earnings gave the bears a point to work upon, that stock was 1/4 lower. The disposition among the traders, however, was to await the outcome of the election to day, and the market found considerable support at the early concession, and while Atchison yielded only 1/4 per cent further, the rest of the liet gathered strength for a time

and moved up slightly, followed by Atchison. There was some realizing in St. Paul, and that stock toward noon became the leader of the market, though the fluctuations continued upon the same limit scale as before. After noon the stagnation in the list increased, but the attack upon the other Boston favorities was made, and Burlington and Rock Island yielded, while Atchison displayed considerable strength. Oregon Transcontinental was also fairly strong, the presumption being that the buying for the purposes of control at the next election kept it active and advancing. Among the inactive specialties Milwaukee, Lake Shore and Western preferred rose 2 per cent, but afterward lost the improvement, and Manhattan also rose 2 and lost it.

Chicago, East Illinois and Oregon Improve-

lost the improvement, and Manhattan also ross 2 and lost it.

Chicago, East Illinois and Oregon Improvement rose over 1 per cent each and helped the advances. There were also some weak spots in the list, among which Tennessee Coal was most conspicuous. A slight railly toward delivery hour was followed by renewed depression and the market finally closed dull and heavy at close to the lowest prices of the day, which, however, were but slightly changed from the opening figures. The majority of the list is fractionally lower this evening, but the only important changes were losses of 1½ in Tennessee Coal and 1 per cent in Rock Island, while Chicago and East, Illinois preferred, Oregon Improvement and Canada Pacific rose 1½ per cent each.
